REMARKS

25X1

23 June 1949

25X1 1. The hangars of the DOEBERITZ (N 53/A 65) airfield were closed the morning of 23 June 1949. There was no flying. At least fifty fighters painted light blue, some with red propeller hubs, were parked at the field in groups of eight planes; two such groups stood on the western field border, three in front of the hangars and an unidentified number of aircraft on the northeastern field border.

2. There was no flying at the DOEBERITZ airfield on 27 June 1949. The hangars were closed. Lighten to twenty fighters, covered with tarpaulins, were parked in front of the hangars, five more fighters in the northeastern field section.

12 July 1949

3. There was no flying at the DOEBERITZ airfield the morning of 12 July 1949. The weather was very hazy. Forty to forty-five fighters were parked in front of the hangars on the southern field border.

25X1 Comment: This information, [redacted] confirms the previously assumed occupation of the DOEBERITZ airfield by fighter units. From the number of aircraft recently counted at the airfield [redacted] the DOEBERITZ airfield is assumed to be occupied by two fighter regiments, equipped with LA-9s. No indications concerning a change of occupation of the airfield have lately been observed.
